5. REPORTS

5.1 Chair

Kathy Jones reported that President Dunn has agreed to address the Council at the February meeting. Jones briefly mentioned the upcoming annual election process in March and noted that Rod Sievers will discuss it more during his Election Committee report. Jones continued by saying that the appointments to the Chancellor’s Search Advisory Committee will be announced very shortly. The last Constituency Heads meeting was December 17, 2014. Jones reported that during that meeting, John Haller from the President’s office addressed the group and explained how the search for a Chancellor will work. During his presentation, Haller confirmed that a search firm will not be used and that the search process will work in the same way it has in the past. The quiet phase will take place at the same time that a national advertisement is circulated. During this time prospective candidates will be identified, contacted, and recruited to apply for the position of Chancellor. These candidates still have to complete the application process. Jones noted that this process does not keep anyone out of the search, it is an opportunity to bring the search to the attention of people who might not otherwise have it on their radar. Jones stated that the quiet phase is anticipated to last from January through March.

Charlotte Sarao asked if John Haller was going to be the chair of the search committee. Jones responded by saying that it was announced that there would be two co-chairs on the search committee and that Haller would be assisting with staffing the committee.

Jones concluded her chair report by stating that student Bursar account holds for not completing Step Up and Haven online training have been lifted so that students can register for classes. Students who do not complete this training before the tenth day of spring semester classes will be dropped.

Kathy Jones clarified that there has been a concern about AP Staff that were changed from continuing appointment to term. A long discussion followed and it was concluded that a lot of work needs to be done to make changes in regards to AP Staff on term appointments.
