5.4 Representatives to University Committees

Executive Planning & Budget Committee – Kathy Jones reported that this committee met on March 17, 2015. Jones stated that President Dunn reported that it now is time to “pivot” to the next phase in dealing with the budget cuts. Jones noted President Dunn’s statement that it is reasonable to assume that there could be a 20% - 22% cut of state-appropriated funds. Jones explained the budget model being discussed as two rings outside a center core with academic instruction and core student services. The center core will be protected as much as possible. Jones noted that units and programs are placed in the model in relation to their importance to academic mission and core student services. Units and programs furthest away from the center are more self-supporting units and may be asked to submit a budget plan that reflects the loss of significant state funding. Jones added that even when state funding is cut from the units and programs furthest away from the center, the
total cut does not equal 20%. Jones stated that there will be further debate and discussion about where units and programs are placed in relation to academic mission and core student services.

Shane Bennett asked if the resurrection of the Student Affairs division is moving forward. Jones replied that she had asked President Dunn that same question. President Dunn’s response was that the creation of a Student Affairs division would have to be cost-neutral and acknowledged that the Board of Trustees may not be willing to address the creation of a Student Affairs division under these difficult budget times.

There was more discussion about how units and programs are placed in the budget model; the trickle-down effect; and fiscal year 2015 cuts. Jones concluded by saying that these things will be discussed at the Executive Planning and Budget Committee meeting on March 30, 2015.

Chancellor’s Search Advisory Committee – Kathy Jones reported that this committee is meeting on a regular basis and that there is a mix of internal and external candidates. Jones stated that the list has been narrowed down and that Skype interviews will begin next month.
