Re: Fiscal year 2010 activity report

In 2010 the committee held 20 programs for women across the Southern Illinois University Carbondale campus. Approximately 703 women attended the various events. There is one event still to be held which is why this is an approximate number. The list of activities with number of attendees is attached.

Michelle Hughes Miller, current director, will be leaving the University in August of 2010. At this time the position has not been advertised thus there is not a replacement. The committee has been told that a local search will be conducted during the fall 2010 semester. Although there will be limited programming this fall the lag time is a concern of the committee. The selected person will probably not be in place until early 2011 she will then have to plan events which will take several months. Thus it is possible that close to a year of programming will be lost.

We believe the work of this committee is important to the advancement of women at SIUC and hope that the time period without a director of UWPA will be as short as possible.

INDIVIDUALS SERVED BY UWPA PROGRAMS FY 2010
