

A/P Staff Council  
**Parking Appeals Report**  
August 15, 2012

The parking appeals board is the second tier of a three tier parking appeal's process.

The first tier is the parking office. If the office fails to grant (i.e. drop the ticket), the violator has the right to submit a request for an appeal to the parking appeals board. The board then reads the written statement and allows the violator to make a statement, present pictures and answer any questions from the board. After this is complete, the board votes to grant or deny and notifies the violator.

The board meets 2-3 times each semester and 1 time during the summer. The following report reflects the summer meeting that was held on July 31, 2012.

There were 22 cases on the list.

The decisions were as follows:

Granted - 2

Denied - 4

Reduced - 6

No shows - 10
